

The Great Russian - American War

There have been many, and I assume will be many more, prophecies concerning the Russian invasion of America and the war that will follow. Below are prophecies, visions, and dreams concerning this war. The first one is Washington's Vision which contains three wars against the United States--the last one I believe to be the Great Russian - American War. Following that I have included a number of prophecies that God has given me (these are dated by a number--year/month/date/number). They have been edited to only include parts that apply to this war. The full version is available on my web site. And finally a vision through a brother I know here giving a date for this war.

Washington's Vision (1777)

The last time I ever saw Anthony Sherman was on the Fourth of July, 1859, in Independence Square. He was then ninety-nine years old, his dimming eyes rekindled as he gazed upon Independence Hall, which he had come to visit once more. "I want to tell you an incident of Washington's life--one which no one alive knows of except myself; and which, if you live, you will before long see verified."

He said, "From the opening of the Revolution, we experienced all phases of fortune, good and ill. The darkest period we ever had, I think, was when Washington, after several reverses, retreated to Valley Forge, where he resolved to pass the winter of 1777. Ah! I often saw the tears coursing down our dear commander's careworn cheeks, as he conversed with a confidential officer about the condition of his soldiers. You have doubtless heard the story of Washington's going to the thicket to pray. Well, he also used to pray to God in secret for aid and comfort.

"One day, I remember well, the chilly winds whistled through the leafless trees. Though the sky was cloudless and the sun shone brightly, he remained alone in his quarters nearly all afternoon. When he came out, I noticed that his face was a shade paler than usual, and there seemed to be something on his mind of more than ordinary importance. Returning just after dusk, he dispatched an orderly to the quarters of the officer I mentioned who was in attendance at the time. After preliminary conversation of about half an hour, Washington, gazing upon his companion with that strange look of dignity that he alone could command, said to the latter:

"I do not know whether it is due to the anxiety of my mind, or what, but this afternoon, as I was preparing a dispatch, something seemed to disturb me. Looking up, I beheld, standing opposite me, a singularly beautiful being. So astonished was I, for I had given strict orders not to be disturbed, that it was some moments before I found language to inquire the cause of the visit. A second, a third, and even a fourth

The Great Russian - American War

time did I repeat my question, but received no answer from my mysterious visitor, except a slight raising of the eyes. By this time I felt strange sensations spreading through me, and I would have risen, but the riveted gaze of the being before me rendered volition impossible. I assayed once more to speak, but my tongue had become useless, as though it had become paralyzed. A new influence, mysterious, potent, irresistible, took possession. All I could do was to gaze steadily, vacantly at my unknown visitor. Gradually the surrounding atmosphere seemed to become filled with sensations, and grew luminous. Everything about me seemed to rarefy, including the mysterious visitor.

"I began to feel as one dying, or rather to experience the sensations which I have sometimes imagined accompany dissolution. I did not think, I did not reason, I did not move; all were alike impossible. I was only conscious of gazing fixedly, vacantly at my companion.

"Presently I heard a voice saying, "Son of the Republic, look and learn," while at the same time my visitor extended an arm eastwardly. I now beheld a heavy vapor at some distance rising fold upon fold. This gradually dissipated, and I looked out upon a strange scene. Before me lay spread out in one vast plain all the countries of the world - Europe, Asia, Africa, and America. I saw rolling and tossing between Europe and America the billows of the Atlantic, and between Asia and America lay the Pacific.

"Son of the Republic," said the same mysterious voice as before, "look and learn." At that moment I beheld a dark, shadowy being as an angel standing, or rather floating, in mid-air between Europe and America. Dipping water out of the ocean in the hollow of his hand, he cast some on Europe. Immediately a cloud raised from these countries, and joined in mid-ocean. For a while it remained stationary, and then moved slowly westward until it enveloped America in its murky folds. Sharp flashes of lightning gleamed through it at intervals, and I heard the smothered groans and cries of the American people. A second time the angel dipped water from the ocean and sprinkled it out as before. The dark cloud was then drawn back to the ocean, in whose billows it sank from view.

"A third time I heard the mysterious voice saying, "Son of the Republic, look and learn." I cast my eyes upon America and beheld villages and towns and cities string up one after another until the whole land from the Atlantic to the Pacific was dotted with them. Again I heard the mysterious voice say, "Son of the Republic, the end of the century cometh; look and learn."

"And this time the dark, shadowy angel turned his face southward, and from Africa I saw an ill-omened specter approach our land. It flitted slowly over every town and city of the latter. The inhabitants presently set themselves in battle against each other. As I continued looking, I saw a bright angel, on whose brow rested a crown of light on which was traced the word "Union," bearing the American flag, which he placed

between the divided nation. He said, "Remember, ye are brethren." Instantly the inhabitants, casting down their weapons, became friends once more, and united around the National Standard.

"Again I heard the mysterious voice saying, "Son of the Republic, look and learn." At this the dark, shadowy angel placed a trumpet to his lips and blew three distinct blasts; and taking water from the ocean, he sprinkled it on Europe, Asia, and Africa. Then my eyes beheld a fearful scene. From each of these countries arose thick black clouds that were soon joined into one; and throughout this mass there gleamed a dark red light by which I saw hordes of armed men, who, moving with the cloud, marched by land and sailed by sea to America, which country was enveloped in the volume of cloud. And I dimly saw these vast armies devastate the whole country and burn the villages, towns, and cities that I had beheld springing up.

"As my ears listened to the thundering of the cannon, the slashing of swords, and the shouts and cries of millions in mortal combat, I again heard the mysterious voice saying, "Son of the Republic, look and learn." When the voice had ceased, the dark angel placed his trumpet once more to his mouth and blew a long and fearful blast.

"Instantly a light as of a thousand suns shown down from above me, and pierced and broke into fragments the dark cloud which enveloped America. At the same moment the angel upon whose head still shown the word "Union" and who bore our national flag in one hand and a sword in the other descended from the heavens attended by legions of white spirits. These immediately joined the inhabitants of America, who I perceived were well-nigh overcome, but who, immediately taking courage again, closed up their broken ranks and renewed the battle. Again, amid the fearful noise of the conflict I heard the mysterious voice saying, "Son of the Republic, look and learn." As the voice ceased, the shadowy angel for the last time dipped water from the ocean and sprinkled it upon America. Instantly the dark cloud rolled back, together with the armies it had brought, leaving the inhabitants of the land victorious.

"Then once more, I beheld the villages, towns, and cities springing up where I'd seen them before, while the bright angel, planting the azure standard he had brought in the midst of them, cried with a loud voice: "While the stars remain, and the heavens send down dew upon the earth, so long shall the Union last." And taking from his brow the crown on which blazoned the word "Union," he placed it upon the standard while the people, kneeling down, said "Amen."

"The scene instantly began to fade and dissolve, and I, at last, saw nothing but the rising, curling vapor I had at first beheld. This also disappeared, and I found myself once more gazing upon the mysterious visitor, who in the same voice I had heard before said, "Son of the Republic, what you have seen is thus interpreted. Three great perils will come upon the Republic. The most fearful is the third [The help against the third peril comes in the shape of divine assistance], passing which the whole world

united shall not prevail against her. Let every child of the Republic learn to live for his God, his land, and his Union." With these words the vision vanished, and I started from my seat and felt that I had seen a vision wherein had been shown me the birth, the progress, and the destiny of the United States.'

"Such, my friends," said the venerable narrator, "were the words I heard from Washington's own lips, and America will do well to profit by them."

I have been somewhat pleased that the people of this country have looked toward Me and sought Me in some ways. But I have not been pleased in the way they have sought for me. They have looked for a god that would excuse them of their sin and their evil ways and their evil ends that they have longed for in their hearts.

...[Edited]...

Therefore because of the evil that is in their hearts, I will bring various destructions upon them, but I will not judge them as I will and have other nations, because of the ones who do truly serve Me in their midst. I will bring only limited destruction upon them for a short time, BUT then, if they do not repent of their evil deeds, they will be severely destroyed almost to the last of the will to fight against their enemy.

This force that will come against them is the power of the demon of Russia. This force will come upon them without any warning. It will be as though they had peace in their hands, an absolute peace, that would rule the world, BUT THEN the destruction of world war three will intervene; and as they have said, "peace, peace," and as I have said, "when they say, 'peace, peace,' there will be utter destruction!!"

It is My will that they have an understanding of the holiness of God and the knowledge of the ways of God. It is not My will to punish them for their iniquity or their evil ways, but to stand and say that they know the ways of God and do fully follow them. I mean to bring about an understanding of My ways, of My desires of the Spirit, and the things which are from above, not beneath. It is this that they have refused to understand, or try to understand. Indeed they have gone out of their way to avoid My ways, lest they have to repent and follow a God which will tell them what to do.

So therefore do not wait, staying on the path of destruction that the flesh will bring to you, but stay on the path of holiness, that My Spirit will bless you with, if you will simply look to Jesus the One who died for your sins that you may be justified before Me without any wrong on your book of actions. It is simple a matter of repenting of

The Great Russian - American War

your sins and turning around to follow the will of the Lord God of Israel!

Look now to the ways of the Spirit of God. While others may suffer in their despair because of these things going on round about, you, if you walk after the Spirit of God, and not after the lusts of the flesh, which is to be selfish and want to do your thing and not My thing, says the Lord, then you can and will be blessed of God, not to be affected by any of the things which will fall on those who do not the way of the Spirit of God. It is a matter of commitment to My will, says the Lord God of Israel!

19951207.1

I, the Lord your God, do require of you a repentance for your sins. It has not been forth coming, but rather I have been led down the garden path of repentance of a fake nature. I, the Lord your God, require a repentance of a true nature. One that does not mean you return to the things of evil that have plagued you in the past. I require of you a change in the heart—to not go after the evil, to not change your ways on the surface and claim that I am being served, when you won't even spend an hour a day with Me, you won't spend an hour in prayer, an hour in repentance, an hour in service to Me, an hour in praise. You are so caught up in this earth, and this earth's things, that you will not spend any time with Me, your creator!

You must repent a repentance that is true, is just, is real!! You cannot stand before the judgment throne and claim that you have served Me, because deep in your own heart you know you have saved yourself from hell in only a form of godliness, that is, unrighteous in its evil way. You who claim to repent, stand and show yourself approved unto God, unto holiness, unto prayer, unto righteousness, unto the ways of God, unto the only right way of the Lord.

You will not do this because you will not have the ways of God, when they will cause you to be laughed at. What is that to the Kingdom of God!! What is that to the ways of the Lord!! What do you think is going to be your answer in the heavens before the throne of Jesus! You will not have any answer!!!!

So thus says the Lord. In a few years from now, you will be impaled on the brink of war. It will come with very little warning. I shall bring this war down upon you who think you can serve the world, and claim to serve Me, saith the Lord!!

In the year of 2005 you will have yet to see this war. But it will then be but a few moments in time by the Spirit, till you will see it. It is close, it is coming, and no one can say, "I will hold it back, I will put a stop to it." I, the Lord, have made a decision to judge the evil hearts of the people, and I will do it!

The Great Russian - American War

So it will be, that I have now spoken the year in which I will hold it back to: but by the year 2010, it will have come upon you!!

Now listen to this, that I will bring it down upon you in the following way . I will never leave My people unguarded concerning the horrors of the war, but they will come into a knowledge and into a peace about serving Me in this time. I will protect them with a supernatural protection from the throne of God.

Now as this occurs, as the war progresses, and Russia takes heart to overthrow the entire world, I will put an end to it. I will see that the time will come that they, Russia, will loose this war, and be changed in their political agenda forever. Russia will become a major world wide country to bring My salvation to all of the earth!

So it will be, that this war will come to an end in this way. That by a new invention, that I will see comes to the USA, they will win this war, but this will NOT occur until they have repented for their sins! They must repent before I will turn the tide of the war to them. I will bring them to the brink of disaster, to the brink of destruction, to the brink of all out loss, before they will turn with their whole heart to Me, says the Lord.

19951209.1

This war that shall occur on America will be My judgment on it. Not to turn it to ruin, but to turn it to Me, says the Lord. I am the One who they must serve. I am the one who they must turn to. I am the one they must listen to. They have all gone after other gods; gods of lust, gods of pleasures of this life, gods of this worlds evil reign by satanic forces, gods of this money supply. (If they would not lust after the money by making it worth so much on the exchanges, I could change their system and they would no longer have the financial problems they have!!!).

These gods are now ruling the world. They are ruling the worlds system through their master, the evil one. Turn to Me, says the Lord God, and I will make you strong again. Stay with your evil, and I will judge a great judgment on you!

So you see that they will not turn, for I have said this war is coming to those who will fight against the kingdom of Heaven, and so it shall be. They have brought it on themselves. They have robbed themselves of the blessing of total service to Me. (The blessings I could have given them!!)

This war will, with all its total cruelty from the earth's point of view, finally bring about

The Great Russian - American War

a true repentance and a true love for the things of God in those few who will turn to Me at the beginning of the war! Then those who will follow will make up a nation of true believers' with which I can work with. For the nation now consists of those who call themselves christians, but all those who truly serve Me in love and devotion could not be found except one in ten thousand!!

So you see, I must bring a judgment on them for their evil ways. There are those who will say, the God of the Bible is compassionate. The God of the New Testament is love, and not judgment. How can there be love, and not be judgment against the ones that refuse to accept that love?

There cannot be this sin of refusing My love shed on the cross for you, without a judgment on those who will not turn to this love.

Thus it must be that evil will be judged in this land of America!

19970922.2

This word of the Lord is for all those who have desired to know the times and seasons. There will come a three fold sign of the end times. This will be, no matter what else may happen. I, the Lord have spoken.

1. The Fall of an American President
2. The collapse of the American economy
3. The infiltration onto American soil of enemy bands of soldiers to begin World War III

This word shall occur as spoken, says the Lord. Look not to the earth for your ways, but look to Me, says the Lord of all things.

19990424.2

Kosovo, Kosovo, Kosovo. For they could have repented. They could have turned unto the ways of the Lord, but they did not!

Wow unto America. Woe unto America. Woe unto America. They time of judgment is coming. You do not see it. You do not understand.

The Great Russian - American War

But woe unto America, for your judgment day is coming. You believe you have set yourself right, to do the things you believe can be done in safety and without harm to your army.

But I say, woe unto America, for little by little, war by war, piece by piece, YOU SHALL BE DRAWN INTO conflict after conflict, till you can no longer protect yourself.

America the Great shall fall, and fall hard. It has raised itself up and worshipped its own technology. It has raised itself up and worshipped its own design. It has raised itself up and worshipped its own might. And all of these things shall fall by the Hand of the Mighty God.

In this dream I could see myself working along side of a building. There was a road in front of this building, and one on the side of it. I was working between the building and the side road, but quite close to the building.

As I worked, I had knowledge to be careful of gunfire, and yet I wasn't in the army. I was a civilian, working on some type of project with the building.

I could here announcements coming from a radio, or perhaps some type of loudspeaker system, that warned of the coming of gunfire.

Then I could hear gunfire starting and coming closer. I ran quickly behind the building and lay on the ground in a low spot. I stayed there as the gunfire came closer. It was coming from a vehicle driving down the main road, firing out the side as they drove. Bullets went over my head as they passed. I kept low as they drove down the main road, still firing, until they were out of site.

After they passed, I got up and looked around. No one else was there, so I went back to work. It seemed unusual, but not out of place for this to occur.

I woke up.

Then the Lord said this. There is war and bloodshed coming to this continent of North America.

The Great Russian - American War

Russian Invasion as Seen By Reg King (1940s)

In the vision I saw things happening, and understood in my mind, as it was revealed to me, as to the location and who they were.

The Russian forces were coming out of the area of the Bathurst Inlet. I remember how astonished I was, because they were there undetected. They had a large mobile military attack force, with heavy armour.

Then the scene changes and I saw Russian and U. S. fighter planes in aerial combat over the Alsask, Alberta area, which is near the Saskatchewan border. The invasion route was in the general area of the Alberta and Saskatchewan border along 110 degrees longitude. I was very amazed that hostile aircraft could get so near to the U. S. border, and not be detected and intercepted before that time.

Again the scene changes and I realized the enemy land forces to be just north of the 60th parallel, also as yet undetected, and without any resistance from either Canadian or U. S. forces.

The visionary experience was given to me in the late 1940's and I remember my absolute amazement that an enemy could penetrate so far into our beloved Canada and not be detected. Also, lastly, a date was given to me, but not the year, which was January 26, ????. And the enemy was using bacterial or germ warfare.
